

Citizen Ghost is a straight-forward, stackable stool with a strong ghostly character.

Citizen ghost has a very special character, despite its simple construction. Three threads forms a volume, which together with the freely shaped seat gives the stool its vivid expression. The steel's lightness and strength is combined with the massive wood's warmth and comfort.

The stool comes in table height, counter height and bar height. Stackable.

Design	Wingård/Wingård
Seat	Birch, oak or upholstered
Base colour	White, black
Surface treatment (wooden seat)	Black stained, clear lacquered
Upholstery (seat)	Semi anilin leather, fabric
